

AVerVision 300AF+

Portable Document Camera

 folded view

Product Description

The AVerVision300AF+ is a full feature document camera perfect for any classroom environment or subject. With an incomparable 3.2 mega pixel sensor, the images produced are the clearest and sharpest available in its price range. The auto focus quickly adjusts to produce a sharp image whether at standard zoom and pan, or the full sixteen times magnification. Able to capture up to 80 images to the camera itself, or images and video with audio to a PC or MAC, lesson content can be stored and reviewed at any time. Able to integrate into most other classroom presentation products

interactive whiteboards, the AVerVision300AF+ can easily combine with other technologies. Included laser positioning guides take guesswork out of where to place a document or object under the camera while the 360 degree access full function remote control allows presenters to control the AVerVision300AF+ from anywhere in the room. Optional microscope adaptors allow virtually any microscope to be connected to the AVerVision300AF+ to show the smallest microscopic detail on a large screen.

Feature Highlights

3.2MP

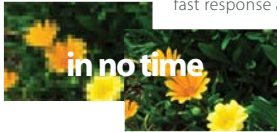

unsurpassed image quality with an industry leading 3.2 mega pixel sensor

flexibility

mechanical arm design for increased stability, yet easy maneuverability

auto focus

fast response auto focus system

in no time

LED

patented detachable LED light module with laser positioning guides

annotation

included annotation features allow for notes, drawings, colors and other features added directly to live images

remote

full function remote control

Product Specifications and Package Content

image sensor	1/2" CMOS color sensor	video output	S-Video, composite
pixel count	3.2 mega pixels	rs232	yes, with adapter
frame rate	24 fps (max)	usb port	yes, USB 2.0
output resolution	1024 x 768 XGA	light module	yes, with laser guides
optical zoom	2X AVERZOOM™	mounting base	n/a
digital zoom	8X zoom/pan	carrying bag	yes
lens	F=3.0	operating temperature	32°F to 104°F
focus	auto/manual	dimensions	8.6" x 5.5" x 19.7" (setup), 15" x 6.6" x 2.2" (folded)
white balance and exposure	auto/manual	weight	4.4 lbs (with mounting base)
color/B&W	yes	power source	AC 100 to 240V, 50/60 Hz
negative/positive conversion	yes	certifications	FCC, UL (power adapter)
night view	yes	warranty on main unit	5 year limited warranty All warranty applies to parts & labor only
text/graphic modes	yes with hi frame	warranty on accessories	1 year limited warranty
picture-in-picture	n/a	special warranty *	1 year AVERCPR™
split screen	n/a		
AVer presenter features	n/a		
image rotation	0/180 degrees	optional accessories	Microscope adapters (28mm and 34 mm), light box, anti-glare sheets, padded carrying bag
image freeze	yes		
image mirror	yes		
Built-in memory	80 images		
image & video recording	USB to computer (win & mac)		
audio recording	yes, AVerVision software		
annotation	yes, AVerVision software		
flicker filter control	2 levels		
remote control	yes		
vga input	yes, pass through		
vga output	yes		
dvi output	yes
